

Versions:

220AL – 3-seater with bed

200AL– 2-seater with bed

Structure: poplar, multilayer and plywood covered with polyurethane foam. Elastic webbing for seat and back support.

Seat padding: Ecological polyurethane foam covered with mollapiuma layer.

Armrest: Ecological polyurethane foam covered with 100% polyester padding. **NOTE:** armrests in Pollini model can be easily detached from the structure.

Removability: seat padding covering is completely removable.

Sewing: cuts and sewings mauvary on fabric coverings.

Bed mechanism: Bed versions: available with two-time opening welded steel mechanism Daunia Mini 13 (Italy) and spring mattress. Mattress size: version 220A = 160 x190x10 cm, 200A = 140 x 190 x 10 cm. The size of the mattress may vary slightly because of the arrangement and characteristics of the material, without affecting the quality of the product. Seat cushions are fixed to the structure when the mechanism is open. The total depth of the model with open bed is 240 cm.

Feet: The model is equipped with metal hidden feet 4 cm high with plastic support. Some versions may be equipped with additional hidden feet with a supporting structural function.

Décor: model is decorated with piping that is located on the base, armrests, seat and back paddings. Back cushion piping can be made of cording only. Base and seat cushion piping can be made of fabric only. Armrest piping can be made of both: fabric and cording. The base is decorated with passementrie (brush trimming of 12 cm high).

Additionally: each version is equipped with 4 pillows (100% feather filling):

C104 with fringe – 50 x 50 cm – 2 pillows,

C109 with piping – 45 x 45 cm – 2 pillows.

OR

C105 with piping – 50 x 50cm - 2 pillows;

C109 with piping – 45 x 45 cm – 2 pillows.
